

The ORO Federal Building Safeguards and Security Survey will be conducted March 2-13, 2009. This survey is especially important as it will help ORO prepare for the upcoming Office of Health, Safety and Security (HSS) survey scheduled for later this year.

As part of the survey activity, several security awareness questionnaires have been developed to determine the effectiveness of our Security Awareness program.

If you have an “L” or “Q” clearance, you may be randomly selected to complete a questionnaire. If you are selected, a questionnaire will be sent to you via email. We ask that you print out the questionnaire, complete it and return the completed questionnaire to a box located in the Federal Building Lobby marked “Safeguards and Security Survey Questionnaire.” *These questionnaires are anonymous. Please do not include your name or organization.*

Your participation will help us verify how well the ORO Security Awareness program works and help us improve future programs.
